

CHFR WORKSHOP:

Arrhythmogenic Cardiomyopathy

APRIL 4TH 2018

09.00-13.00

Organizers: Kristina H. Haugaa and Øyvind H. Lie

Department of Cardiology and Center for Cardiological Innovation

Oslo University Hospital – Rikshospitalet

Grønt Auditorium

PROGRAM

09.00-09.05	Welcome Øyvind H. Lie <i>Department of Cardiology and CCI, OUH Rikshospitalet</i>
09.05-09.45	Imaging and modelling of regional RV function in AC: a gateway to better risk prediction? Arco J. Teske <i>Utrecht University Hospital, The Netherlands</i> Moderator: Øyvind H. Lie
09.45-10.25	Modelling electromechanical substrate and impact of exercise in patients with AC Joost Lumens <i>University of Maastricht, The Netherlands</i> Moderator: Kristina H. Haugaa
10.25-11.00	AC research at Oslo University Hospital – improving patient care Øyvind H. Lie <i>Department of Cardiology and CCI, OUH Rikshospitalet</i> Moderator: Kristina H. Haugaa
11.00-11.30	<i>Lunch</i> <i>Coffee & sandwiches for registered participants</i>
11.30-12.00	The Nor-Way and the Dutch-Way of RV deformation imaging Feddo P. Kirkels <i>University of Utrecht, The Netherlands</i> Moderator: Thor Edvardsen
12.00-12.15	Clinical presentation of AC – A two-decade experience from a high-volume center Christine Rootwelt-Norberg <i>Center for cardiological innovation, OUH Rikshospitalet</i> Moderator: Thor Edvardsen
12.15-12.45	Nordic AC registry – timing of electrical and structural abnormalities Mathis K. Stokke <i>Department of Cardiology and CCI, OUH Rikshospitalet</i> Moderator: Ida Gjervold Lunde
12.45-13.00	Closing remarks Kristina H. Haugaa <i>Department of Cardiology and CCI, OUH Rikshospitalet</i>
